PROFESSIONAL SUMMARY

Motivated BTech Computer Science student (2022–2026) with hands-on experience in cloud infrastructure, DevOps, and backend development. Skilled in Azure, Docker, Linux, Python, Java, MySQL. Built and deployed containerized web applications using Docker Compose and optimized workflows. Strong foundation in Networking, OS, and cloud computing. Seeking entry-level Cloud Engineer or DevOps role to build scalable, secure, and reliable systems.

TECHNICAL SKILLS

Cloud & DevOps: Microsoft Azure (Virtual Machine, Azure IAM, NSG, Storage), Docker, IAC (Terraform), Automation

Operating System: Linux (Ubuntu), Windows Server

Programming Languages: Python, Java, SQL

Databases & Tools: MySQL, Git, GitHub

Soft Skills: Communication, Teamwork, Problem-Solving, Leadership, Troubleshooting.

PROJECTS

Azure Cross-Platform Shared Storage Implementation | *Personal Cloud Project* 2026

Tech Stack: Microsoft Azure, Azure Files (SMB), Azure VMs, NSG, PowerShell, Bash

- Architected a highly available shared storage solution using Azure Files (SMB protocol) enabling concurrent read/write access across multiple Azure Virtual Machines simultaneously.
- Configured Network Security Groups (NSGs) and inbound/outbound firewall rules, restrict access to authorized VMs, and enforce the principle of least privilege.
- Validated cross-platform compatibility by mounting the same Azure Files share on both Windows Server and Ubuntu VMs.

Cloud Identity & Access Management (IAM) Solution | *Personal Cloud Project* 2026

Tech Stack: Microsoft Entra ID (Azure AD), RBAC, Azure Security Groups, Azure Portal

- Architected a scalable identity management solution using Microsoft Entra ID, onboarding of multiple users into a centralized enterprise directory.
- Implemented Role-Based Access Control (RBAC) by configuring security groups and assigning granular permissions at resource and group levels, minimizing unauthorized access risk.
- Enforced conditional access policies and audited user permissions to maintain compliance with zero-trust security principles.

LICENSES & CERTIFICATIONS

Microsoft Azure Fundamentals (AZ-900) *Microsoft — In Progress*

The Complete MySQL Bootcamp Sep 2024 | *Udemy*

Linux Command Line Aug 2024 | *Udemy*

EDUCATION

Bachelor of Technology — Computer Science and Engineering 2022 – June 2026 (Expected)

Uttarakhand Technical University | Uttarakhand, India

Class XII — Physics, Chemistry & Mathematics (PCM) 2021

Class X — High School 2019
